

Frequently asked questions

Is there pain or discomfort?

The Bella Microdermabrasion System and the trained technician will allow you to have a comfortable session and achieve great results.

How many procedures will I need?

Many people see dramatic improvements after just a few treatments. Depending on the condition of your skin, a series of 4 to 6 treatments will achieve the desired results. Treatments should be scheduled 10 to 14 days apart to allow for maximum rejuvenation of the skin.

What skin conditions will improve?

It is an effective therapy when used alone or in combination with surgery, facials, moisturizing treatments and chemical peels. It reduces the appearance of fine lines and wrinkles, photo damage, brown spots, acne scars and other skin imperfections. You may notice a difference in your skin after only one treatment.
